I don't remember if I got that or not, but I'm still working through emails. I totally agree. That's the right thing to do, and I don't think we tend to disagree on the resolution to most of these q's much anyway.

Hopefully we get decent feedback from Samantha tomorrow...

Lou

Since you are online, I'll add. . . Samantha thought giving her feedback only tomorrow PM would be too late for her to turn things around in time. Therefore I suggested that I could provide her with something by tomorrow AM and MY own assessment of where you may potentially have a different take. I thought I sent that note to you also but I am not sure.

Ravi.

Agreed! Sounds like we're on the same page, at least Ravi and I are!

I should be able to take a look at things tomorrow afternoon. I have fact sheets and Libby to work on in the morning.

See you both tomorrow!

Lou

I am concerned that that is a little late for me to dig in and then turn around to send out to Agency reviewers on Tuesday afternoon. I suppose that the hold-up is mostly OSWER comments?

I will go through the comments this weekend and touch base with you guys on Monday to determine how I should be involved.

Thanks and good luck!

Samantha

Samantha:

Lou and I are meeting Monday afternoon to go over, so I think it would be Monday evening or Tuesday AM.

I don't plan to look at it until you guys are happy with it or at least close to being done. Do you think you would have something that I could look at by noon or so on Monday?

Hi All

I am working on the AR comment response document. I downloaded it to my local drive; if in the meantime you would like to work on it, please send a note, so I know there are parallel versions that need to be merged.

Ravi.

Ravi, Lou and Todd,
So... I didn't get as far as I had hoped. Here's the status...
As to completing revisions to the Tox Review... I don't see how that can get done by the target date of Sept 15. Perhaps many can be made, and completion the week of Sept 15 while it's in "clearance". At least none of the changes should affect the bottom line! Good luck.
I'm leaving my phone number in case you need to reach me. Please don't hesitate to give me a call if that can save you some time.

[Personal Phone / Ex. 6]

Sue

On the share drive, I created a new folder called "AR-IAR DRAFTS". The master Tox Review and Supplemental Info are there (MASTER at the end of the file name.) I'm attaching the comment-response document and fact sheet here in case it's easier to get to them, tho they're in the same folder. Ravi, I expect you'll be doing most of the edits.

AR comment-response document:

Deliberative Process / Ex. 5

<< File: RDX_Summary and Response to Major Agency Review Comments_9-4-14.docx
>>

Fact sheet:

-- made NO progress on this today. It will have to be updated with the OSWER and FFF comments. And the MOA text will need to be boiled down a lot!
-- I did NOT have time to check the old nomination files. They used to sit outside Karen's/Gina's office. I assume they're still there. Not an easy task! It might be something a SSC could help dig through, but you'll want to try to maintain as much order to the files as is left.
